

“I save approximately \$55 per week on gas.”

“Grant Transit Authority has been a life saver! I have been riding for five years. I live in Moses Lake and commute daily to Ephrata. GTA developed a direct express route which enabled those of us who work at the Courthouse and PUD to get to work and back home quicker. I save approximately \$55 per week on gas. During the winter months I can hop on the bus and not have to worry about driving on icy roads. I especially enjoy talking to the new friends that I have made from riding GTA!”

Barbara J. Vasquez
Clerk of the Board
Grant County Commissioners Office
